Application/Control Number: 09/674,877

Art Unit: 1625

DETAILED ACTION

- 1. According to paper no. 18 filed on May 22, 2003, the applicants have amended claims 1-5, 7-14 and 22-24 and furthermore, have added new claim 25.
- 2. Claims 1-14, 18-20 and 22-25 are now pending in the application.

Response to Arguments

3. Applicant's arguments with respect to claims 3-8, 11-14, 18-20 and 22-24 have been considered but are most in view of the new ground(s) of rejection. The applicants have amended claims to overcome all indefiniteness and prior art rejections.

NEW GROUNDS OF **REJECTION**

Claim Objections

4. Claims 9 and 10 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in alternative only. See MPEP § 608.01(n).

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Application/Control Number: 09/674,877

Art Unit: 1625

6. Claims 4, 6-12, 24 and 25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 4, the values of variables R4, R5 and R6 are listed as ---defined as R1 in claim 1, but are independent of R1----. The value of variable R1 is defined in claim 4 itself (see first line under structure) and is essentially same as defined in claim 1. It is not clear why depend upon claim 1 for value of variable R1. Also, it is not clear what is the intent of ---but are independent of R1---. In claims 4, 8, 11, 12 and 24, the term --- provided with---- is vague. The applicants are suggested to use the term ---- optionally substituted with ------.

Claim 6 depends upon claims 1-5 and 22 and still refers to epothilone derivative. This term has been changed to --a compound-- by last amendment. An appropriate correction is required. In claims 7, 8 and 24, it is not clear what is meant by the term ---respectively?----. In claims 9 and 10, the terms ---characterised in---- and ---production--- are vague. The applicants are suggested to use the terms --- wherein ---- and ---preparing or preparation----, respectively.

In claim 7, the monocyclic aromatic and/or heteroaromatic rings are substituted with alkyl groups and halogens or alkyl groups or halogens. Clarification is needed.

In claim 25, the monocyclic aromatic and/or heteroaromatic rings are substituted with C1-4 alkyl, C2-4-alkenyl and C2-4-alkynylgroups or should it be C1-4 alkyl, C2-4-alkenyl or C2-4-alkynylgroups? Clarification is needed.

Application/Control Number: 09/674,877 Page 4

Art Unit: 1625

Allowable Subject Matter

7. Claims 5, 13, 14, 18, 19, 22 and 23 are objected to as being dependent upon a rejected base

claim, but would be allowable if rewritten in independent form including all of the limitations of

the base claim and any intervening claims.

8. Claims 1-3 and 20 are allowed.

9. Any inquiry concerning this communication or earlier communications from the examiner

should be directed to Chana Aulakh whose telephone number is (703) 305-4482. The examiner

can normally be reached on "Monday-Thursday" from 7:30 A.M. to 6:00 P.M.

If the attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor,

Mr. Alan Rotman, can be reached on (703) 308-4698. The fax number for this Group is (703)

308-4556.

Any inquiry of a general nature or relating to the status of this application or proceeding should

C. S. Allakh

be directed to the Group's receptionist whose telephone number is (703) 308-1235.
